

**To Thibault LEMOIGNE, Marketing Manager**  
STI

First of all, we would like to thank you for the interest you reserved us during Hannover 2006 Fair.

Just as a reminder STI (SERV Trayvou) is a French **producer of safety interlocking systems for the industry**. In 100 years history of manufacturing and supplying in the worldwide market we learnt the importance of quality, reliable and competitive products.

We are rightly proud of to be an esteemed and reliable establishment to offer world class products and services based on our high quality production and engineering capability.

Our core competences are for producing :

- Access locks
- Bolt locks
- Electromechanical locks
- Came & Valves locks
- Special Locks

We use to customize our products & develop products according to needs of customers.

In following the flags, you would find our web site in your favorite language:
